|--------------------------------|--|---------|
| Direct sales and orders | Anybody from the country where we have no representative can order factory-direct from us. Current list of dealers and representatives is always listed on our website. The only price we offer is always the list price from current pricelist. | |
| Dealer sales and orders | If we have a representative in your country, you can order from the Dealer. The price is the same and Dealers have NO RIGHT TO CHARGE MORE THAN LIST PRICE except adding cost of transportation (we use exclusively DHL or UPS air shipments) and adding local sales tax or VAT. We export outside of European Union without Polish VAT added. The Dealer will provide local pre and post - sale support, including upgrades, trade-in, repairs, etc only for products sold through his company. Buying locally makes sense. | |
| Payments | We accept the payments in form of bank transfer to our Euro account, US Dollar account or Polish Zloty account. Paypal (in Euro or USD or GBP or CAN\$ or PLN) or by credit card. For Paypal / Credit we add fee of 2,9%. In case of the refund, the Paypal fee is also fully refunded. | |
| Warranty | Starting in 2024 Our products carry a 3 years warranty which is transferrable without limits. Manufacturing date is on the serial number plate represented by a month/year digits (like May 2018 is 518.). Tubes are not covered by the warranty. We maximize our efforts and expenditure to assure best tubes to be supplied together with our products but the warranty is limited to one week after purchase. Normal tube life which we consider reasonable is 5 years, sometimes it even exceeds 20 years or more. However the very nature of vacuum tubes is such that they may fail any at time. We design our equipment in such way that the tubes fail safely. No damage to the product itself, to other tubes, to other gear or to the user is occurring after the tube failure. It is enough just to replace the tube after a failure. At the moment of original purchase the buyer can extend the warranty for the sum of 10 % of the list price for 2 extra years. | |
| | The warranty does cover shipping the goods back to the user but it does not cover shipping from the user to the factory. The warranty will be void if the product has been open without permit, tinkered with, modified, altered or upgraded without written permit. | |
| Trade In rules | We believe in upgrade path hence we offer a policy of TRADE IN. You can trade in our product when ordering NEW product. We offer the following terms: Customer pays shipping and custom duties if any - for traded in old products. We offer price list value of traded in goods minus: 12% for the first started year and after that - 1% per month. If you work through the dealer, he MUST respect the same policy as ours. It does not matter where the goods was purchased and by whom. Any original Lampizator products will be respectfully traded in. If in doubt please send the serial number and your question to the factory. | |
| Test and refund | Customer / End User has 7 days from the day of delivery to test the product and return it for a full refund minus shipping cost incurred by the seller. After 7 days the sale is final. The refund will NOT be granted if the seal is broken or the product has been altered or tinkered with. The product must be shipped in original packing and with tubes secured in the same way as when shipped to the customer. | |
| | Refund will be transferred the same way as it was received and it will be transferred up to 7 days from receiving the complete goods back. | |
| Shipping | We ship the goods only after 100% of price and shipping cost has cleared in our account. We choose shipping company unless otherwise agreed. | |
| CE compliance | All goods sold on EU territory are CE compliant according to our Declaration Of Conformity. The goods made as custom order per individual customer specification and for a known specific person do not fall under general rules of household appliance CE compliance. | |
| VAT | VAT tax (percentage of destination country) is applied to all goods and services sold within EU. All other markets are served without VAT. EU businesses can order with zero VAT if their VAT number is provided in advance. | |

| | | |
|----------------------|---|--|
| SHIPPING | Rough calculation - DHL or UPS shipping (prices generally vary between 120 Euro for lighter products to 250 Euro per more heavy cases, but due to an on going price increase (steady) the final shipping price is quoted from us per each individual shipment and no price guarantee is possible) | Overnight in Europe and USA, 2 days rest of the world. Customs procedures in your country may delay delivery by a day or two. |
| | All prices are guaranteed till further notice | |
| | VAT23% is applicable in Poland and local VAT is added for the EU customers | |
| | Zero VAT for exports outside of EU | |
| | All products are shipped with full invoice. | |
| | All products are covered with 3 year transferrable warranty (excluding tubes) | |
| WORLDWIDE | Our price list is worldwide and valid in all countries. | Nobody, and that includes also dealers and distributors, should ask more than price list, plus shipping cost and applicable customs, duties and sales tax. |
| SECOND HAND | We offer Factory Refurbished products (depending on availability of traded-in older DACs) Second hand products are sold directly, without a dealer in between. | Refurbished products are factory rebuilt, retubed, callibrated, tested, with new 1 year warranty. |
| LEVEL UPGRADE | It is our policy that the level can be upgraded to a higher one for the nominal price-list difference. For used gear we apply 1% per month depreciation rate. First year is a combined 12% depreciation and after 1st year - 1% per annum. I.eg. we will buy back a trade in product which is 3 years old for 36% off list price. | We trade-in old DAC for the Level Upgrade. This offer is valid for maximum up to 4 years from manufacturing date. |
