As standard, free	not available	optional, extra										

Amber-5	Baltic4	Atlantic 3	Big7-MK3	GG3	Pacific 3	Poseidon	Horizon360
Amber-5	Exposed tubes. All units balanced. More punch, more fun, more spooky (realistic) events. Stage width. More tube rolling options (octal 6SN7 plus others with adapters )	Higher output impedance, higher purity, higher realism, timbre refinement, with NOS tubes can punch way above it's weight					
Baltic4		More refinement in timbre and color, natural purity	Less punch, more timbre and color, scary reality, more refinement, liquid, flowing sound,				
Atlantic 3 TRP			More refinement, bigger chassis, tube rolling in the DHT domain not pentodes, scary reality				
Big7-MK3				More mature design, more tube rolling options, more refinement due to better caps, better tubes as standard , flight case as standard, exquisite copper chassis, 5 tube families of heaters			
GG3					Bigger (taller) chassis, more punch, more detail, better frequency extremes, a bit colder, more neutral , less tubey, better digital engine = more resolution, better built soundstage. Better display. Better fun factor. Better tubes as standard.		
Pacific-3						Better chassis, better output impedance, lower noise floor, lower microphonics, better volume control, lower bass, better preamp function.	Deeper Bass, wider soundstage, deeper soundstage, more natural voices, more credible soundstage, less colourations, more quiet background, more legible details.

PRICELIST			
2025 Q2	LampizatOr Price List ANALOG PRODUCTS	All prices are in Euro Price list applicable to individual orders placed after April 01 2025, till further notice.	All prices are excluding VAT as applicable in Eu countries
<b>AC Power Filter</b>			
	The Kraftwerk 10	10 AC outputs of which Eight independent filter blocks. Pacific chassis. 8 x 2300 Watts filtered, 2 x , 3600 Watts unfiltered, max 5700 Watts total, including two additional unfiltered outputs for monoblocks. Two filtered outputs have DC blocker and the two unfiltered outputs also have a DC blocker. All outputs have lightning and surge protection. copper top adds 500 Euro.	4 000 €
<b>Amplifiers</b>			
	<b>Amber Amp</b>	Balanced, 4 inputs, EL84, 10WPC, amorphous transformers, OLED display with remote, headphone out	8 000 €
	<b>Amber Amp/Dac</b>	As above but with DAC inside (specs like Amber DAC)	9 000 €
	<b>KT88 Integra amplifier (NEW)</b>	Stereo integrated, 4x KT88, 20 Watts, 4 inputs, manual stepped attenuator - no remote	10 000 €
	<b>KT88 Mono Block Power amp (available Q2 2025)</b>	Monoblocks, each 4x KT88, 40 Watts, XLR and RCA inputs	
<b>Preamplifiers</b>			
<b>New: Availability Q2 2024</b>	Neptune Preamplifier	Ultimate tube stage based on the new Poseidon DAC. Octal 6J5 and noval 6N6P tubes. True Copper Lampizator capacitors or equivalent. Tubes outside chassis. Remote control, memory of settings, OLED display, muting, 64 steps resistor ladder discrete configuration. 3 RCA + 1x XLR pair inputs. XLR and RCA outputs, silver wiring in teflon insulation. High input impedance / low output impedance.	17 000 €
<b>New: Availability Q2 2025</b>	Neptune Preamplifier Phono MC card	Additional card that creates a Phono MC input inside the Line Stage NeptunePreamp. 100% identical scheme to the VP4 product minus the power supply section. One input only and no switching.	6 000 €
<b>PHONO VINYL PRODUCTS</b>			
	<b>ANALOG</b>		
	<b>Vinyl Phono VP4</b>	Single ended high end phono stage with 2 MC inputs, 1 x MM input, switchable MC load, 70 dB amplification, zero feedback, zero silicon, zero opamp.	8 000 €
	<b>VP4 BALANCED</b>	Balanced as well as SE outputs via one balancing tube buffer	10 000 €
	<b>SILVER VP4</b>	Silver version of VP4 The signal transformer is wound with pure silver wire. Silver capacitors are used in signal path. Copper PIO caps are in output stage. Flight case. Wood sub chassis base frame. Copper top. WBT sockets Price additional to base VP4 product. ADD to the above prices	4 000 €
<b>STREAMER / NAS / COMPUTER</b>			
	GulfStream	See specification elsewhere in the web page. Fully working plug and play machine equipped with: server Lampizator Big style chassis custom design fully linear Lampizator PSU built-in high spec full size professional server motherboard with Intel XEON socket XEON 8-core Microprocessor 16GB RAM DDR4 PRO SERIES 250GB SSD with proprietary music optimised Linux OS SPDIF output USB audiophile output HDMI output for optional monitor or TV Preconfigured Linux LampizatOr Core Mode OS with playback system With ROON user interface, TIDAL ready compatible, Qobuz Ready and compatible, DSD 512x conversion by Roon Player of Tidal material on the fly (ROON , Qobuz and TIDAL licences NOT included in the price, at the owner's discretion)	8 000 €

## Services and upgrades

2025 Q2	LampizatOr Price List	All prices are in Euro Price list applicable to individual orders placed after Apr 1 2025	All prices are excluding VAT as applicable in Eu countries
<b>Upgrade Package Options</b>			
<b>JL</b>	USB AMANERO to JL upgrade		500 €
	USB JL /Superclock/Sandwich for Pacific DAC upgrade		750 €
<b>E-11</b>	Retrofit whole engine - pcm and DSD to latest Engine#11 (ELEVEN ENGINE) with DSD512 and PCM32/760k in any DAC except Horizon and Pacific	Complete digital section retrofit including it's power supply with new transformer.	2 000 €
<b>E-11P</b>	Retrofit whole engine - pcm and DSD to latest Engine#11P (ELEVEN P ENGINE) with DSD512 and PCM32/760k dedicated only to Pacific and Poseidon DACs. It is a much overbuilt, overspecified, ultimate variant of ENGINE ELEVEN. This engine is dedicated to Pacific and Poseidon DACs.	New PSU transformer only for the Eleven, new digital section - converters and receivers, this upgrade kills LAN input in Pacific DACs	4 000 €
<b>SMALL ADDITIONS</b>			
	Toslink input		200 €
	BNC input (S/PDIF)		100 €
	AES/EBU input XLR		200 €
	RCA S/PDIF input		200 €
	RCA stereo pair input or output (like for bi-amping)		200 €
	XLR stereo input or output pair		200 €
	USB module addition		750 €
	new metal LampizatOr remote		200 €
	New face plate without display		200 €
	Face plate with small LCD display cutout		250 €
	Face plate with large window like for phono stage, plexiglass window with engraving and cutting		300 €
		<b>Prices exclude shipping</b>	
<b>Horizon360 Upgrades</b>	Old Horizon1 to H360		6900 €
	A previously Upgraded Taiko/Horizon 1 to H360		4600 €
<b>TAIKO XDMI interface price list 2025</b>			
Description	Euro netto		
Old Horizon1 retro fit job - full price NETTO before taxes (10% DAC price)	4 600 €		
Lampizator silver/SPC/Teflon cable 1,2m	1 000 €		
KBL-Sound monocrystal copper 1,2 m cable	3 000 €		
KBL-Sound monocrystal copper 1,2 m cable EXTREMA	4 000 €		
Additional 0,5m of Lampizator cable	400 €		
Additional 0,5m of KBL-Sound cable	1000 €		
Shipping and duties are extra			
Horizon 360 has Taiko input as standard, only the cable is needed extra			

# LAMPIZATOR

	LAMPIZATOR Terms Of Trade	2025-Q2
<b>Direct sales and orders</b>	Anybody from the country where we have no representative can order factory-direct from us. Current list of dealers and representatives is always listed on our website. The only price we offer is always the list price from current pricelist.	
<b>Dealer sales and orders</b>	If we have a representative in your country, you can order from the Dealer. The price is the same and Dealers have NO RIGHT TO CHARGE MORE THAN LIST PRICE except adding cost of transportation (we use exclusively DHL or UPS air shipments) and adding local sales tax or VAT. We export outside of European Union without Polish VAT added. The Dealer will provide local pre and post - sale support, including upgrades, trade-in, repairs, etc only for products sold through his company. Buying locally makes sense.	
<b>Payments</b>	We accept the payments in form of bank transfer to our Euro account, US Dollar account or Polish Zloty account. Paypal (in Euro or USD or GBP or CAN\$ or PLN) or by credit card. For Paypal / Credit we add fee of 2,9%. In case of the refund, the Paypal fee is also fully refunded.	
<b>Warranty</b>	Starting in 2024 Our products carry a 3 years warranty which is transferrable without limits. Manufacturing date is on the serial number plate represented by a month/year digits (like May 2018 is 518.). Tubes are not covered by the warranty. We maximize our efforts and expenditure to assure best tubes to be supplied together with our products but the warranty is limited to one week after purchase. Normal tube life which we consider reasonable is 5 years, sometimes it even exceeds 20 years or more. However the very nature of vacuum tubes is such that they may fail any at time. We design our equipment in such way that the tubes fail safely. No damage to the product itself, to other tubes, to other gear or to the user is occurring after the tube failure. It is enough just to replace the tube after a failure. At the moment of original purchase the buyer can extend the warranty for the sum of 10 % of the list price for 2 extra years.	
	The warranty does cover shipping the goods back to the user but it does not cover shipping from the user to the factory. The warranty will be void if the product has been open without permit, tinkered with, modified, altered or upgraded without written permit.	
<b>Trade In rules</b>	We believe in upgrade path hence we offer a policy of TRADE IN. You can trade in our product when ordering NEW product. We offer the following terms: Customer pays shipping and custom duties if any - for traded in old products. We offer price list value of traded in goods minus: 12% for the first started year and after that - 1% per month. If you work through the dealer, he MUST respect the same policy as ours. It does not matter where the goods was purchased and by whom. Any original Lampizator products will be respectfully traded in. If in doubt please send the serial number and your question to the factory.	
<b>Test and refund</b>	Customer / End User has 7 days from the day of delivery to test the product and return it for a full refund minus shipping cost incurred by the seller. After 7 days the sale is final. The refund will NOT be granted if the seal is broken or the product has been altered or tinkered with. The product must be shipped in original packing and with tubes secured in the same way as when shipped to the customer.	
	Refund will be transferred the same way as it was received and it will be transferred up to 7 days from receiving the complete goods back.	
<b>Shipping</b>	We ship the goods only after 100% of price and shipping cost has cleared in our account. We choose shipping company unless otherwise agreed.	
<b>CE compliance</b>	All goods sold on EU territory are CE compliant according to our Declaration Of Conformity. The goods made as custom order per individual customer specification and for a known specific person do not fall under general rules of household appliance CE compliance.	
<b>VAT</b>	VAT tax (percentage of destination country) is applied to all goods and services sold within EU. All other markets are served without VAT. EU businesses can order with zero VAT if their VAT number is provided in advance.	

<b>SHIPPING</b>	Rough calculation - DHL or UPS shipping (prices generally vary between 120 Euro for lighter products to 250 Euro per more heavy cases, but due to an on going price increase (steady) the final shipping price is quoted from us per each individual shipment and no price guarantee is possible)	Overnight in Europe and USA, 2 days rest of the world. Customs procedures in your country may delay delivery by a day or two.
	All prices are guaranteed till further notice	
	VAT23% is applicable in Poland and local VAT is added for the EU customers	
	Zero VAT for exports outside of EU	
	All products are shipped with full invoice.	
	All products are covered with 3 year transferrable warranty (excluding tubes)	
<b>WORLDWIDE</b>	Our price list is worldwide and valid in all countries.	Nobody, and that includes also dealers and distributors, should ask more than price list, plus shipping cost and applicable customs, duties and sales tax.
<b>SECOND HAND</b>	We offer Factory Refurbished products (depending on availability of traded-in older DACs) Second hand products are sold directly, without a dealer in between.	Refurbished products are factory rebuilt, retubed, calibrated, tested, with new 1 year warranty.
<b>LEVEL UPGRADE</b>	It is our policy that the level can be upgraded to a higher one for the nominal price-list difference. For used gear we apply 1% per month depreciation rate. First year is a combined 12% depreciation and after 1st year - 1% per annum. I.e.g. we will buy back a trade in product which is 3 years old for 36% off list price.	We trade-in old DAC for the Level Upgrade. This offer is valid for maximum up to 4 years from manufacturing date.
		<b>All product prices exclude shipping.</b>
