Amber-4	Baltic3	Atlantic	Big7-MK2	GG2	Pacific	Horizon
Amber-4	Exposed tubes. All units balanced. More punch, more fun, more spooky (realistic) events. Stage width. More tube rolling options (octal 6SN7 plus others with adapters)	Higher output impedance, higher purity, higher realism, timbre refinement, with NOS tubes can punch way above it's weight				
Baltic3		More refinement in timbre and color, natural purity	Less punch, more timbre and color, scary reality, more refinement, liquid, flowing sound.			
Atlantic			More refinement, bigger chassis, tube rolling in the DHT domain not pentodes, scary reality			
Big7-MK2				More mature design, more tube rolling options, more refinement due to better caps, better tubes as standard, flight case as standard, exquisite copper chassis, 5 tube families of heaters		
GG2					Bigger (taller) chassis, more punch, more detail, better frequency extremes, a bit colder, more neutral, less tubey, better digital engine = more resolution, better built soundstage. Better display. Better fun factor. Better tubes as standard.	
Pacific						Deeper Bass, wider soundstage, deeper soundstage, more natural voices, more credible soundstage, lecc colourations, more quiet background, more legible details.

LAMPIZATOR

	LAMPIZATOR Terms Of Trade	2022 Q1
Direct sales and orders	Anybody from the country where we have no representative can order factory-direct from us. Current list of dealers and representatives is always listed on our website. The only price we offer is always the list price from current pricelist.	
Dealer sales and orders	If we have a representative in your country, you can order from the Dealer. The price is the same and Dealers have NO RIGHT TO CHARGE MORE THAN LIST PRICE except adding cost of transportation (we use exclusively DHL or UPS air shipments) and adding local sales tax or VAT. We export outside of European Union without Polish VAT added. The Dealer will provide local pre and post - sale support, including upgrades, trade-in, repairs, etc only for products sold through his company. Buying locally makes sens.	
Payments	We accept the payments in form of bank transfer to our Euro account, US Dollar account or Polish Zloty account. Paypal (in Euro or USD or GBP or CAN\$ or PLN) or by credit card. For Paypal / Credit we add fee of 2,9%. In case of the refund, the Paypal fee is also fully refunded.	
Warranty	Our products carry a 5 years warranty which is transferrable without limits. Manufacturing date is on the serial number plate represented by a month/year digits (like May 2018 is 518.). Tubes are not covered by the warranty. We maximize our efforts and expenditure to assure best tubes to be supplied together with our products but the warranty is limited to one week after purchase. Normal tube life which we consider reasonable is 5 years, sometimes it even exceeds 20 years or more. However the very nature of vacuum tubes is such that they may fail any at time. We design our equipment in such way that the tubes fail safely. No damage to the product itself, to other tubes, to other gear or to the user is occuring after the tube failure. It is enough just to replace the tube after a failure.	
	The warranty does cover shipping the goods back to the user but it does not cover shipping from the user to the factory. The warranty will be void if the product has been open without permit, tinkered with, modified, altered or upgraded without written permit.	
Trade In rules	We believe in upgrade path hence we offer a policy of TRADE IN. You can trade in our product when ordering NEW product. We offer the following terms: Customer pays shipping and custom duties if any - for traded in old products. We offer price list value of traded in goods minus: 1% per month. If you work through the dealer, he MUST respect the same policy as ours. It does not matter where the goods was purchased and by whom. Any original Lampizator products will be respectfully traded in. If in doubt please send the serial number and your question to the factory.	
Test and refund	Customer / End User has 7 days from the day of delivery to test the product and return it for a full refund minus shipping cost incurred by the seller. After 7 days the sale is final. The refund will NOT be granted if the seal is broken or the product has been altered or tinkered with. The product must be shipped in original packing and with tubes secured in the same way as when shipped to the customer.	
	Refund will be transferred the same way as it was received and it will be transferred up to 7 days from receiving the complete goods back.	
Shipping	We ship the goods only after 100% of price and shipping cost has cleared in our account. We choose shipping company unless otherwise agreed.	
CE compliance	All goods sold on EU territory are CE compliant according to our Declaration Of Conformity. The goods made as custom order per individual customer specification and for a known specific person do not fall under general rules of household appliance CE compliance.	
VAT	VAT of 23% is applied to all goods and services sold within EU. All other markets are served without VAT. EU businesses can order with zero VAT if their VAT number is provided in advance.	

SHIPPING	Rough calculation - DHL or UPS shipping	Overnight in Europe and USA, 2 days rest of the world. Customs procedures in your country may delay delivery by a day or two.
	All prices are guaranteed till further notice	
	VAT23% is applicable in Poland and local VAT is added for the EU customers	
	Zero VAT for exports outside of EU	
	Hand Made product prices and specs are negotiable	
	All products are shipped with full invoice.	
	All products are covered with 5 year transferrable warranty (excluding tubes)	
WORLDWIDE	Our price list is worldwide and valid in all countries.	Nobody, and that includes also dealers and distributors, should ask more than price list, plus shipping cost and applicable customs, duties and sales tax.
SECOND HAND	We offer Factory Refurbished products (depending on availability of traded-in older DACs) Second hand products are sold directly, without a dealer in between.	Refurbished products are factory rebuilt, retubed, callibrated, tested, with new 3 years warranty.
LEVEL UPGRADE	It is our policy that the level can be upgraded to a higher one for the nominal price-list difference. For used gear we apply 1% per month depreciation rate. I.e.g. we will buy back a trade in product which is 3 years old for 36% off list price.	We trade-in old DAC for the Level Upgrade. This offer is valid for 3 years from manufacturing date.
		All product prices exclude shipping.
